The Journey Against All Odds

Rebranding to Win

KENYA BUDGET TALK~

The #1 goal of our Kenya Connection ministry at Mars Hill is to support Humphrey's ministry to the children of Chuka, Kenya, and the surrounding areas. Sponsorship fees for the children enable KCK Kenya to provide the necessary educational fees, school uniforms, nutritional support, spiritual growth, and Christian mentorship to the children in its program. KCK has five Children's Homes, currently housing 45 children. These children are complete orphans. KCK has an additional 207 children in the program who live with family or guardians. They are living in stable conditions but often have only one parent or grandparent caring for them. We refer to these as our "Field Children", aka, "children who live in surrounding areas".

As this ministry has grown beyond his dreams and our means, we have invited other churches and Christian organizations to join us in this cause. They have made extraordinary contributions, but Kenya Connection at Mars Hill is solely responsible for the salaries, upkeep, and utilities for the Homes, as well as education, food, and medical expenses for the 45 children currently living in our Homes. This is what our monthly expenses look like~

Salaries - \$4008 (Staff, House Mothers, House Mother Assistants, Tutor, & Nightwatchman)

Utilities - \$1177 (Electricity, water, cooking gas, office internet, phones)

Food - \$2025 Approximately \$250 comes from your PATH donations! Thank you!

Medical- \$124

Education - \$1000 (PreK, Grades K-9, High School, College, & University fees, as needed)

Multiplied by 12... THAT is a LOT of MONEY! It all comes from our fundraisers and loving people like you. Thank you so much.

Ensuring full transparency in the management and allocation of ministry funds is critical to building trust within our community & ensuring that our resources are used effectively for their intended purposes. We are committed to providing clear updates on the financial stewardship of these funds, and we welcome any questions or concerns from sponsors to ensure accountability and ethical oversight.

Christmas In Kenya

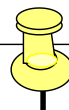

Christmas Day is celebrated differently in Kenya. There are no trees or a plethora of gifts. It is a spiritual day spent with family and friends; a celebration marked by food and joyous praise. A new outfit for church on Christmas Day is always a welcome gift.

**Provide Christmas
for a child & their family**

A complete outfit with shoes and
a Christmas family meal with meat!
